### **The Book of Shadows**

**The moment I open this book and turn the pages,  
I am enchanted by the light of the Universe.**

**All the majick that I set upon enters my body, mind, and spirit,  
conjuring the majick of its light, the planets, and the stars.**

**The music of the spheres reaches into our future  
and into the many worlds we shall live.**

**I shall be careful not to move the Moon  
or change the course of other worlds around us  
for surely it will change the course of my blood.**

**Then no longer can the planets help me.**

**May the Gods and Goddesses hear my voice.**
